

The title 'ZOO CAMP' is rendered in a playful, stylized font. The word 'ZOO' is in dark brown, with the 'O' containing a white paw print. The word 'CAMP' is in light green, with two yellow leaves integrated into the letters. Above the 'ZOO' are two brown paw prints, and a green chameleon is perched on the second 'O'. The background is a dense pattern of various green tropical leaves.

Dear Parents & Guardians,

We are excited to introduce our new and improved Zoo Camp at the Birmingham Zoo! Our summer camps have always been amazing, but this year we have revamped the program to include even more hands-on science, nature play, conservation and 'zoo-learning'! Our camps are educational and encourage active learning through games, crafts, age-appropriate explorations, and special encounters with a variety of our resident animals. Rich in STEM-based explorations, these camps engage the natural curiosity of a child and allow ample opportunity to practice critical emerging science skills. Learning has never been so much FUN!

We hope you will join us this summer and give your child the educational opportunity of a lifetime...just don't be surprised when they are too busy having fun and making friends to notice how much they've learned. We have a wonderful summer planned and can't wait to share it with your child.

Sincerely,

Birmingham Zoo Camp Staff

# ZOO CAMP OVERVIEW

Zoo Camps at the Birmingham Zoo are structured and follow a basic format. A typical day at Zoo Camp includes games, crafts, hands-on science explorations, exhibit tours, nature play and free-choice opportunities – time to allow kids to just be kids!

Zoo Camps at the Birmingham Zoo are rich in STEM explorations (Science, Technology, Engineering and Math) creating opportunities for hands-on, brains-on fun! Each day also includes up-close encounters with many of our resident animals from around the world. Behind-the-scenes access and feeding/training demonstrations are also included whenever available.

## PRIMARY CAMPS

### GRADES 4K – 5th

- o NEW! Adventures in Nature – Campers will explore animals, ecosystems, and the wonders of the natural world- in our own backyards and across the globe.
- o NEW! The Zoo and You – Discover the science behind zoos and the work we do each day to help animals in our care and in the wild.

### GRADES 6th – 8th

- o NEW! Young Naturalists – Through hands-on explorations in nature, young naturalists will gain a better understanding of the world around them and their place in it.
- o NEW! Wildlife Researchers – Make unforgettable memories alongside Zoo staff as we take a look at real-world efforts to ensure species and their homes are safe and protected.

## SPECIALTY CAMPS

### GRADES 4K – 2nd

- o NEW! Naturally Gross! – Take a walk on the “wild side” with your grandparent or parent as we learn about some of the grossest, most disgusting features of the natural world! Fee covers both participants.

\* Independence Day week only

### GRADES 3rd – 5th

- o Jr. Zoo Keeper – Experience some of the daily duties that go into caring for the animals that call the Zoo home. Campers will interact with Animal Care Professionals and our resident animals while exploring enrichment, animal diets, and more!

### GRADES 6th – 8th

- o ZooKeeper – Roll up your sleeves and learn what it’s like to be an Animal Care Professional at the Birmingham Zoo! Campers will take part in many hands-on activities including husbandry, feeding, training, and enrichment.

\*Zoo keepers start their day early, so this camp begins at 8:30am on Monday and 7:30am sharp Tuesday-Friday.

### GRADES 9th – 12th

- o NEW! Conservation Connections – With the Zoo as a base camp, we will explore conservation efforts taking place at the Birmingham Zoo and across the world. Campers will conduct observations, collect data, and participate in investigations to answer their own scientific questions.
- o Animal Wellness – Explore the methods Animal Care and Veterinary Professionals use to ensure our resident animals are happy and healthy. Activities will include demonstrations, behind-the-scenes tours and hands-on opportunities alongside Birmingham Zoo staff.

### NEW THIS YEAR! CHIPANGALI WILDLIFE ORPHANAGE

Campers will have the opportunity to speak live via video conferencing with wildlife researchers at the Chipangali Wildlife Orphanage in Bulawayo, Zimbabwe!
