

# ALABAMA WILDS SCAVENGER HUNT

Location: Along Alabama Wilds trail

Can you find the plants and animals that call Alabama their home? Please help us keep wild things wild by returning anything you find back to its habitat.

Check off each item you see!

FUNGUS

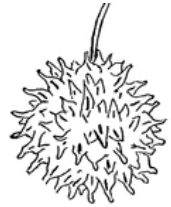

ROLY POLY

SPIDER

SWEET GUM BALL

ACORN

THIN LEAF

TREE BARK

WIDE LEAF

WHAT ELSE DID YOU SEE? DRAW IT BELOW!

A large, empty rectangular box with a black border, intended for drawing any other items found during the scavenger hunt.

# GIVE ME A HAND

Location: Anywhere in Primates of the World

One of the things that almost all primates share is an opposable (freely movable) thumb. Have you ever thought about how important your thumbs are?

Complete the activity below to prove how important our opposable thumbs are, then compare your hands to those of some of our primates!

**Write your name:**

---

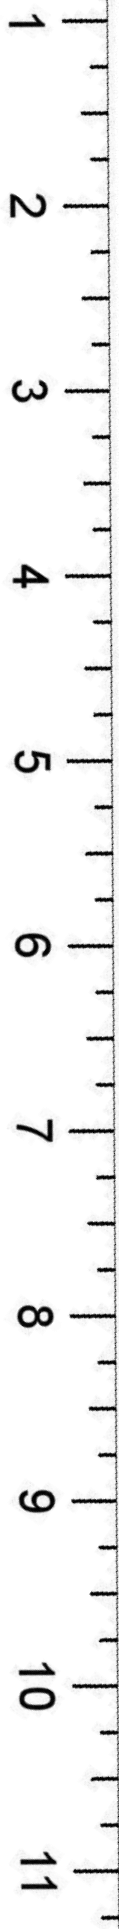

**Draw a stick person**

Circle one:

**Can you tie your shoe?    YES    NO**

**Can you zip up a jacket?    YES    NO**

# Trace your handprint here:

**Squirrel monkey**

**Cotton-topped tamarin**

# Orangutan
