

Arrival Instructions

Please follow the map attached to confirmation and reminder e-mails.

When you arrive, you may stop along the sidewalk area shown on the map. If you already have your wristbands on, you and your students may disembark the bus and head into the Zoo.

If you do not have your wristbands yet, please keep all students on the bus and send the teacher who has the filled out check-in form and the method of payment to the assigned check-in location listed in your reminder e-mail. Once everyone has their wristbands on, you and your students may disembark the bus and head into the Zoo.

Next, buses should follow the map to leave the main Zoo parking lot to go park in our gravel lot #4, marked on the map. We will also have a sign to mark the correct gravel lot where you should park.

Departure Instructions

Please follow the map attached to confirmation and reminder e-mails.

When are ready to depart, you may stop your bus along the island sidewalk area shown on the map. Please stop as far down along the island sidewalk as possible so other buses can prepare to have students load onto buses. Once everyone is on the bus and traffic is clear, you may follow the map to exit the Zoo parking lot.

Please instruct parents that the buses need to leave first. Parents are welcome to follow once the bus has left Zoo property. We want to make sure all buses get back to school in time for dismissal.
