

SENSORY AREAS

The Birmingham Zoo has partnered with KultureCity to develop the Sensory Inclusive Zoo Initiative to improve our capacity to serve guests with sensory processing needs. The goals of this initiative are to raise awareness of challenges facing people with sensory processing needs among our staff and throughout the community, increase accessibility throughout the Zoo grounds for guests with sensory processing needs and promote an inclusive experience for guests with sensory processing needs.

- 
QUIET ZONES
 Areas which have less activity and seating to regroup after being overstimulated.
- 
HEADPHONES ZONES
 On busy days, these areas could be especially noisy.
- 
WEIGHTED LAP PADS
 Attractions which may require visitors to remain seated for extended periods of time. Weighted lap pads are available.
- 
SENSORY BAG PICK-UP/DROP-OFF
 These bags, which contain noise reducing headphones, fidget toys, and other resources are available for checkout in the Membership Office.

-  Restrooms
-  Private Nursing Area
-  Baby Changing
-  First Aid Lost & Found
-  Food
-  Gift Shop
-  Wheel Chair Rental
-  ATM
